

# CWA LEGISLATIVE & POLITICAL POWER = BIG WINS FOR WORKERS!

With our political power, we've passed more than ten bills in the past few years that protect our work for the future.

**Here are just a few of our recent legislative victories!**

- ✓ **2022 (NY) Legislation to protect our jobs** blocking proposed dangerous, anti-union "One Touch Make Ready" regulations.
- ✓ **2022 (NY) Helped secure billions of dollars for hospital funding** to support healthcare workers, including bonuses for healthcare workers who worked through the COVID-19 pandemic.
- ✓ **2022 (NJ) Passed the Responsible Collective Negotiations Act** to strengthen collective bargaining rights for New Jersey workers.
- ✓ **2021 (CT) Helped pass legislation to ban anti-union "Captive Audience Meetings"** to protect workers, strengthen our union rights, and help stop union-busting by employers.
- ✓ **2021 (CT) Passed an Act to Concerning Call Center & Notice of Closure** to protect our call center jobs from being shipped out of the state.
- ✓ **2021 (NY) Successfully took on the powerful Hospitals lobby (NY)** to pass two major bills in our fight for **Safe Staffing**, creating labor/management staffing committees that ensure real consequences for understaffing.
- ✓ **2019 (NY) Passed legislation to decrease the wait time for workers on strike to apply for Unemployment Insurance** from 7 weeks to just 2, strengthening our bargaining and striking power.

**CWA POLITICAL POWER  
is just another way we  
protect our jobs!**
