

CWA PAF = BIG WINS FOR HEALTHCARE WORKERS!

When it comes to politics, we can't compete dollar for dollar with big corporate donors - **but we have strength in numbers.** Every dollar contributed to the CWA Political Action Fund builds power for our members, our families, and our future.

We've passed more than **a dozen** pieces of legislation in the past few years, including major victories in our fight for safe staffing!

Safe Staffing - Clinical Staffing Committees

Legislation creating Staffing Committees at every hospital in the state, made up of equal parts labor and management, tasked with creating staffing plans for each unit and shift. Also creates a system for real enforcement and transparency of staffing requirements (2021)

Here's just a few more of our recent victories thanks to our PAF:

- ✓ **2022: Hospital Funding**
Secured billions of dollars in the New York State Budget for financially distressed and safety-net hospitals, plus more in discretionary funding.
- ✓ **2022: Healthcare Worker Bonuses**
Funding for up to \$3,000 in bonuses for frontline healthcare workers.
- ✓ **2020: PPE during the COVID-19 Pandemic**
Pushed former Pres. Trump to use the Defense Protection Act during the height of the pandemic to increase production of PPE and ventilators.
- ✓ **2019: Unemployment Insurance for Striking Workers**
Legislation to decrease the wait time for workers on strike to apply for Unemployment from 7 weeks to just 2, strengthening our bargaining and striking power.

We can't use union dues for political purposes, but **with your contribution to PAF we can build real political power.**
