

WHAT WE'VE WON

CWA POLITICAL ACTION

2023: UNEMPLOYMENT INSURANCE FOR STRIKING WORKERS

New law decreases the wait time for striking workers to collect Unemployment from 30 days to just 14, increasing workers' bargaining power.

2022: RESPONSIBLE COLLECTIVE NEGOTIATIONS ACT

Legislation passed to strengthen our union and bargaining rights after CWA members lobbied, mobilized, and took action urging State legislators to stand with workers.

2021, 2022, 2023: PROPERLY FUNDED PENSIONS

After years of fighting to make sure State Worker pensions are properly funded, the State made the full pension payment three years in a row + included an additional \$500 million.

2020: PROTECTING CALL CENTER JOBS

Following several years of hard work by CWA and other NJ unions, we helped pass the New Jersey Call Center Jobs Act aimed at protecting call center jobs from being shipped out of state.

These are just a few of the things we've won over the past few years with the help of our **Political Action Fund** to protect our jobs, expand our rights, and secure our future!
