

WHAT WE'VE WON

CWA POLITICAL ACTION

2022: RESPONSIBLE COLLECTIVE NEGOTIATIONS ACT

Legislation passed to strengthen our union and bargaining rights after CWA members lobbied, mobilized, and took action urging State legislators to stand with workers.

2021, 2022, 2023: PROPERLY FUNDED PENSIONS

After years of fighting to make sure State Worker pensions are properly funded, the State made the full pension payment three years in a row + included an additional \$500 million.

2020: TAXING ULTRA-RICH TO FUND ESSENTIAL SERVICES

With working families—especially public sector workers—bearing the brunt of the financial crisis during the COVID-19 pandemic, we fought to restore the Millionaire Tax to raise revenue & fund to essential services.

2018: ENHANCING WORKPLACE DEMOCRACY, UNION PROTECTIONS

Ensures that all full-time *and* part-time employees who perform bargaining unit work, working more than 4 hours per week, are part of the union, and allows workers and union reps to meet at the workplace.

These are just a few of the things we've won over the past few years with the help of our **Political Action Fund** to protect our jobs, expand our rights, and secure our future!
