

International Student Workers For an RA UNION!

“As an international student worker, I can’t work any other job. It makes sense for us to have a seat at the table to fight for a living wage. We have this one job - let’s make it the best it can be with a strong union.”

Prashant, CSEE

Atinuke, Chemistry

“The Governor of New York, heads of SUNY and Research Foundation have all committed to respect our right to form a union and even make the process smoother for us through a union neutrality agreement. This has already helped facilitate our work to form an RA union at UB and recently at other campuses.”

“Additional international student protections would give me the peace of mind when I am traveling to my home country that my job is secure. At StonyBrook, the RA Union was able to win protected VISA renewal leave, so RF can’t give away their job while renewing their visa.”

Muhammad, CSE

Arun, CBE

“I was a union member with GSEU as a TA. Thousands of international student workers are union members at SUNY. It is our legal right to be a part of the union. Together as members we have more power and resources to protect against discrimination than we do by ourselves.”

“I want the same rights and conditions that TA international students workers won in their GSEU contract, like job protection for a semester leave of absence to renew our visas. We have more in common than different.”

Alexis, ISE
