Dear Brothers and Sisters,

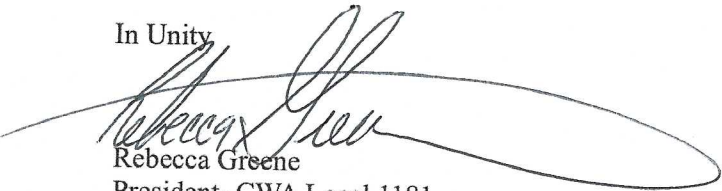

Our union is under attack. David Casey, a losing candidate who failed to win our recent election, has decided that rather than help to build up our union, he wants to tear it down.

David has asked members to sign official legal documents to leave our union and to join a failed union called LEEBA. LEEBA is nothing more than a dues-collection agency run by someone who has declared himself "president for life." LEEBA has been losing members by the hundreds each year, as their union fails. LEEBA is under investigation for fraud and corruption. Our local was trusted because of tens of thousands of dollars that were misappropriated during David Casey's time as President.

**DO NOT SIGN ANY PETITION!** It is a trap. Oftentimes, disgruntled members make deals with these so called independent unions. We have no idea what deal, if any, David Casey has made with LEEBA, but we suspect David knows how to line his pockets with our money.

We just had an election, we are out of trusteeship, and we can now build up our union. We want YOU to get involved! We need stewards in every depot. Let's build power back in to our union. Let's build it up, not tear it down!

In Unity
